

8.0 PROJECT PROFILES

Nineteen potential project ideas were developed using the information from the needs analysis, policy context, the four consultations and the community prioritisation event. The project profile for each idea intends to provide tangible projects which could be developed by the Trust to ensure the identified needs and demands of the local community are met.

Youth centre	73
All-weather 5-a-side pitch	77
Indoor sports facility	81
Improved Rainbow Centre	85
Play area	88
Affordable family housing	91
New business workshop spaces at Fort Road	95
Sheltered housing	98
Befriending services for the elderly	102
Evening public transport	105
Community petrol station	108
Improvements of pavements	112
Marine access facility	115
Community festivals	119
Nursery/after school club	123
Watersports centre and marina development	126
Improvement of foreshore	129
Community woodland	133
Wind farm	136

The aims, outcomes and outputs of each project are outlined along with details of how the projects would tackle community needs, meet the community demands and contribute to the national and local policies outlined in previous chapters.

This information can then be used by the Trust when planning potential projects and applying for funding so that they are able to take forward the aspirations of the Rosneath Peninsula West community.
